TOWN OF SPEEDWAY UPDATE REGARDING HERITAGE CRYSTAL CLEAN AIR RELEASE

Speedway, IN – Town officials have been in contact with representatives from the Indiana Department of Environmental Management (IDEM) regarding odor complaints in and around Speedway.

IDEM informed the town that they are working with Heritage Crystal Clean to fully understand the nature of yesterday's events. During discussions between IDEM officials and Speedway officials, IDEM stated that the suspected release does not pose a health risk. The town of Speedway will continue to monitor the situation closely and provide updates as they become available.
